

Crane Training Schools Langley

Crane Training Schools Langley - We have designed various Mobile Crane Operation programs at our Crane Training Schools. These programs are recommended for the experienced operator who needs certification or re-certification, and for inexperienced operator who is looking for work in the business. Crane operator positions are high due to their high pay. Operators of cranes are amongst the highest paid of any heavy equipment operator.

Our Crane Operator training offers instruction for a variety of mobile cranes. Course subject includes Wire Rope, Crane Set-up, Lift Planning, Load Dynamics, Signaling, Load Charts and Rigging.

The Crane Training School program is best for riggers, supervisors and operators. Course materials include an informative and manual hand-outs. The safety instruction manual which is illustrated consists of 100 to 250 pages, depending on the course, of useful and important material. Course materials comprise load charts and load chart exercises for the crane with which the trainee is working.

Hands-On Safety Training will take up over half of the course curriculum. The practical training section is the most effective method to developing and improving personal skill levels. Only certified journeyman crane instructors are selected to teach the courses. Our instructors have many years of industry experience.

For all the course we offer, we can include optional testing mechanisms to customize your training. A skills test is generally administered for programs that comprise H.O.S.T. Trainees would be graded and tested.

Certification Training Programs: Lattice Boom/Crawler Cranes; Fixed and Swing Cab Mobile Hydraulic Cranes; Rigging / Signalperson Certification and Training; Articulated Boom / Knuckleboom Cranes; Certification & Testing; and In-The-Seat Training.

As the new business requirements surface, the business standards of practice also evolve. The business sees constant updates to legislation and regulations, in addition to technology and equipment enhancements. Industry data analysis and collection identify changing trends. Members maintain the privilege of managing their certifications and training programs. Mobile device alerts keep members ahead of personal and workplace safety news.
